All prices exclude VAT

## How to Order

You pay an Establishment Licence once only – with your first order for Learner Licences.

Learner Licences are valid for the lifespan of the individual learner at your establishment.

Tutor Licences are valid for the lifespan of the individual tutor at your establishment.

To use any aspect of Guroo, including (but not limited to) Initial Assessments (online and paper-based), teaching materials (online and on paper), and teacher notes, you require 1) a one-off Establishment Licence, 2) Tutor Licences for every tutor who will use Guroo, 3) Learner Licences for every learner who will use – or benefit from – Guroo.

For the avoidance of doubt, Tutor Licences allow tutors to use Guroo in classes where all learners are covered by a Learner Licence, even if they are only, for example, using materials on a whiteboard, or printing materials for learners.

User Licences have no “use-by” date. So you can for example buy 2 or 3 years’ worth of learner licences now at a lower price than you would by buying them annually.

This order form is valid until end January 2012
